# Kestroy Stephan

## Software Engineer · Full-Stack & Applied AI

Sri Lanka (GMT+5:30) · +94 70 203 6472 · stephankestroy@gmail.com · kestroy-portfolio.vercel.app
linkedin.com/in/kestroy-stephan · github.com/KestroyStephan · researchgate.net/profile/Kestroy-Stephan · medium.com/@stephankestroy

## PROFILE

Software engineer with nine months at Xaltrix (Private) Limited, where I built AgenticHR, an AI recruitment platform, from the first commit to three live deployments, and delivered web, mobile and WordPress work for client companies. I work across Flutter, React, Python and FastAPI with PostgreSQL, ship with Docker on Linux and Microsoft Azure, and test my own work through functional, regression and automated API testing. BSc (Hons) Information Technology (completed, awaiting graduation) with two extended abstracts published at HIRS 2025. Open to on-site, hybrid and remote roles, available immediately.

## EXPERIENCE

**Software Engineer** · Xaltrix (Private) Limited, Nuwara Eliya — Jul 2026 – Sep 2026

- Developed and maintained AgenticHR (Aura), an AI recruitment platform built with Flutter, FastAPI and PostgreSQL.
- Automated payroll bulk processing and resolved education-record and payslip issues for client companies.
- Configured platform settings and Company Management modules, and integrated Referoo background checks into the hiring flow.
- Troubleshot LinkedIn, Zoom and Outlook integrations and maintained the automated Playwright API test suite.
- Ran functional, regression and UI testing, fixed the bugs found, and deployed with Docker on Linux and Microsoft Azure.

**Associate Software Engineer Intern (Full-Stack)** · Xaltrix (Private) Limited — Jan 2026 – Jun 2026

- Built AgenticHR end to end and shipped Phase 1 in April 2026 across three live deployments.
- Delivered RestYourPaws: customised Gravity Forms workflows on WordPress (validation, conditional logic, AJAX) connected to SugarCRM, live in April 2026.
- Built Flutter features for Govi.ai, a smart-agriculture app: onboarding, navigation, dashboards and FL Chart data visualisation.
- Designed responsive scorer and player screens for Ancom, a React and Tailwind CSS cricket progressive web app.
- Added a Playwright API test suite to CI, plus end-to-end and load tests.

## SELECTED PROJECTS

**AgenticHR · AI recruitment platform (Xaltrix product)** — 2026

Flutter, Riverpod, FastAPI, PostgreSQL, Sentence-Transformers, Ollama, Docker, Linux, Azure

Seven AI agents that take a role from job description to onboarding: JD generation, LinkedIn posting, resume parsing, candidate ranking, video-interview analysis, hiring decision support and onboarding, plus interview scheduling and email notifications.

**CEYLO · AI tourism and travel-safety platform (final-year team project)** — 2025 – 2026

React Native, Expo, React, Vite, Ollama, Google Maps · github.com/KestroyStephan/CEYLO · ceylo-theta.vercel.app

Mobile app and admin portal with an AI concierge that plans day-by-day itineraries, eco-scoring, mapping, vendor management, analytics and offline SOS. 171 automated tests; available in three languages.

**Weekly Report Generator (ProgressHub) · team reporting dashboard** — 2026

React, Vite, TanStack Query, Zustand, Recharts, FastAPI, MongoDB · github.com/KestroyStephan/Weekly-Report-Generator-Team-Dashboard

Role-based weekly reports with a Draft → Submitted → Needs Correction → Approved workflow and version history, analytics charts, JWT auth, and a local Llama 3 RAG assistant with voice input and output.

**Surprise Heaven · MERN gifting marketplace (team of five)** — 2025

MongoDB, Express, React, Node.js, Stripe, Razorpay, OpenStreetMap · github.com/KestroyStephan/Gift_Heaven

Owned the backend: REST API, authentication and security, payments, orders, notifications and chat, behind cake and gift studios, a surprise-box builder and live rider tracking.

### Other projects

- **GiftHeaven** (PHP, MySQL, JavaScript): e-commerce site with cart, checkout, CRUD and validation, later rebuilt on MERN.
- **Tea Inventory System** (Java Swing, MySQL): products, inventory, sales and users with printable reports.
- **AuraFit** (Android, Java, Firebase): fitness app with step tracking and analytics, workouts and a meal planner.
- **Portfolio website** (React, Tailwind CSS, Framer Motion): kestroy-portfolio.vercel.app, with every project above.

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages** | Python, Dart, Java, JavaScript, TypeScript, PHP, HTML, CSS, SQL |
| **Frontend & mobile** | Flutter, Riverpod, React, React Native, Next.js, Tailwind CSS, Bootstrap, responsive UI |
| **Backend & APIs** | FastAPI, Node.js, Express, REST APIs, SQLAlchemy, PHP, AJAX |
| **AI & data** | Ollama, Sentence-Transformers, RAG, pandas, scikit-learn, feature engineering, model evaluation, Streamlit |
| **Databases** | PostgreSQL, MySQL, MongoDB, Firebase |
| **DevOps** | Docker, Linux, Microsoft Azure, Git, GitHub, GitHub Actions, CI/CD |
| **Testing & QA** | Playwright, functional, regression and UI testing, bug tracking and fixing, Jira |
| **CMS & design** | WordPress, Gravity Forms, Figma, Adobe XD, Canva, UI/UX and usability testing |

## PUBLICATIONS

**AI-Powered Mobile Guide for Sustainable Eco-Cultural Tourism in Sri Lanka: Development and User Assessment**
Kestroy S., Sharoobini R. A., Kishnapriyan N., Isuru Samarappulige · Extended abstract, HIRS 2025

**Real-Time Fake News Detection with Explainable and Reproducible ML Models**
Kestroy S., Sanju A. V., Kishnapriyan, Jineshini S., Herath H.M.D.S. · Extended abstract, HIRS 2025

## EDUCATION

**BSc (Hons) Information Technology** · Horizon Campus, Malabe — 2022 – 2026
Completed, awaiting graduation. Thesis: *An AI-Powered Guide for Sustainable Eco & Cultural Tourism in Sri Lanka* (October 2026).

**G.C.E. Advanced Level, Engineering Technology stream** · CP/N/Cambridge College, Kotagala — 2020

**G.C.E. Ordinary Level** · CP/N/Cambridge College, Kotagala — 2017

## QUALIFICATIONS

- Diploma in Information Technology (DITEC), Esoft Metro Campus, Hatton
- Computer Application Assistant, NVQ Level 3, Loyola Campus, Hatton
- Community-Based Eco Tourism, University Ramon Llull
- Global English Language (A2 & B1)

## ONLINE CERTIFICATIONS

- Python for Beginners, Open Learning, University of Moratuwa
- Web Design for Beginners, Open Learning, University of Moratuwa
- Pandas, Intro to Machine Learning and Data Cleaning, Kaggle

## LEADERSHIP & ACTIVITIES

- Executive Faculty Representative, Horizon Campus Student Council (2023/24)
- Head Prefect (2019–2020) and School Sports President, Cambridge College
- Event Coordinator and Poster Designer, Let's Play Pool Club, Kotagala: coordinated events, designed promotional material and managed volunteers
- Volunteer, Child Development Forum and Horizon Campus Graduation Ceremony (2023) · Member, Leo Club and Media Club · Participant, King of the 64 (2024)

## LANGUAGES

English, Tamil, Sinhala
